DOMINION ORDERS IN COUNCIL.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 2nd day of June, 1909.

Present:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

THE Minister of the Interior, under date 19th May, 1909, states that W. A. Rannie, Esq., of the City of Vancouver, in the Province of British Columbia, contractor, has applied to purchase, subject to conditions of reclamation, certain Dominion lands, situated in that portion of the District of New Westminster, in the Dominion Railway Belt, in the Province of British Columbia, known as the Pitt River Meadows, and being portions of Townships 40 and 42, east of the Coast Meridian, as set out in the accompanying schedule marked "A," and comprising approximately 6,821.2 acres. The application in question is made with the view of carrying out by a system of dyking and draining, the reclamation of these lands, and of their utilisation for agricultural and industrial purposes, it being represented that they are now liable to overflow from Pitt River and Lake, and that their value will be greatly enhanced by a proper system of reclamation.

The Minister further states that he has had a survey and examination made of the lands in question and is of the opinion that if successfully carried out, the reclamation of the said lands will be in the public interest.

The Minister, therefore, recommends that such portions of these lands as are available and can be reclaimed, be sold to the said W. A. Rannie, at the rate of \$1.50 per acre, upon the following conditions:—

(1.) The work of reclamation shall be commenced within eighteen months of the date of the approval hereof by the Governor-General in Council, but before the commencement of such work, and within six months of the date of the said approval, copies in duplicate of all plans, profiles and estimates of costs, for the above-mentioned work, including a plan showing the lands proposed to be reclaimed, shall be furnished the Minister of the Interior for his information:

(2.) The applicant to complete in a substantial and efficient manner the works for the dyking, draining and reclamation, and for the protection from flood water thereafter, of the lands contained in the accompanying schedule, and to complete the dyking, draining and reclamation of the said lands, to the satisfaction of the Minister of the Interior, within a period of four years from the date of the approval hereof:

(3.) The applicant to repair all injury, directly or indirectly caused to any highway or road, by reason of the said reclamation works:

(4.) If the said plans, profiles and estimates of costs are not furnished within the said period of six months the reservation now proposed to be placed on the lands shall be withdrawn, and all claim on the lands by the said W. A. Rannie shall cease, and the lands will thereupon be open to such other disposition as shall be determined upon under the Regulations, or by order of the Governor-General in Council, or, if at any time after the above-mentioned period of eighteen months, upon a report of an officer of the Department of the Interior, the Minister of the Interior finds that the undertaking is not being proceeded with in a satisfactory manner, notice shall be given to the said W. A. Rannie that if the work is not proceeded with in a manner satisfactory to the Minister of the Interior within a period of six months from the date of such notification, that all claim on the lands by the said W. A. Rannie shall cease and the lands will thereupon become available for disposition by the Department of the Interior without reference to the lapsed claim of the said W. A. Rannie:

(5.) The lands proposed to be reclaimed may, with the approval of the Minister of the Interior, be divided into two separate blocks, and the work of

reclamation may be carried forward in a separate dyking scheme in each of the said blocks, and upon the completion of each scheme to the satisfaction of the Minister of the Interior, and in accordance with the other conditions as set out herein, the said W. A. Rannie shall be entitled to receive patents for the reclaimed land included in that scheme, but the payment at the said rate of \$1.50 per acre, for such lands as may be included in the reclaimed area of the said scheme, shall accompany the application for patent:

(6.) If upon the receipt of the plans, profiles and estimates of costs, as set out in condition (1), the Minister of the Interior finds that lands contained in the said schedule, should not, in his opinion, be properly included in the said scheme, he may, upon giving the applicant sixty days' notice thereof, withdraw such lands from the operations of this Order:

(7.) The applicant to have made, at his own expense, by a duly authorised Dominion Lands Surveyor, under instructions from the Surveyor-General and subject to his approval, any surveys which in the opinion of the Minister of the Interior, may be necessary in connection with the said scheme:

(8.) The reservation of lands now made is subject to the legal and equitable claims of actual settlers, who may be found to be in occupation of the same, at the date hereof, and such actual settlers are to be held to be entitled to such consideration as the Minister of the Interior may deem advisable, without reference to any claim of the said W. A. Rannie, under the reservation now proposed to be made.

The Committee submit the same for approval.

Assistant Clerk of the Privy Council.
